Human Clients

You may receive one FREE 30-minute session as a welcome to PEMF trial. Buy one session at a time or save by buying a package of 3 or more sessions. Sessions are approximately 60-minutes long and recommended at a minimum of 1 per week, up to 3 per week. All sessions are per client and must be completed within 30 days of purchase. Sessions are provided in our home, but sessions can be provided in your home if required conditions can be met. (see below)

Human Client Packages

Sessions = 60 minutes	Costs	Savings
1	\$45	n/a
3	\$120	\$15
6	\$240	\$30
8	\$320	\$40
10	\$400	\$50

Equine Clients:

The owner may receive one FREE 30-minute educational session as a welcome to PEMF trial. Buy one session at a time or save by buying a package. Packages must be paid for up front and all sessions must be used within 30 days of purchase. The package can be used on one or multiple horses within the same barn. Sessions are approximately 60-minutes long but may be longer or shorter depending on the animal. For lameness or injuries, the owner must obtain approval for PEMF therapy from their Vet before an appointment can be set. Lameness and injuries will require multiple visits. The first visit will be a whole-body session, and the following sessions will be for the target area and count as a ½ session if working inside of a package. For example, a laceration would be treated with a 60-minute full body session and four 30-minutes targeted sessions.
