#### Human Clients

You may receive one FREE 30-minute session as a welcome to PEMF trial. Wellness or targeted injury sessions are approximately 60-minutes long and are recommended at a minimum of 1 per week, up to 3 per week. Save money by buying a package of 3 or more sessions. All sessions are per client and must be completed within 90 days of purchase. Sessions can be provided in our home or in your home.

#### Human Client Packages

Sessions = 60 minutes	Costs	Savings
1	\$40	n/a
3	\$100	\$20
6	\$200	\$40
9	\$300	\$60
12	\$400	\$80

#### Equine/Large Animal Clients:

The owner may receive one FREE 30-minute educational session as a welcome to PEMF trial. Wellness or targeted injury sessions are approximately 60-minutes long and are recommended at a minimum of 1 per week, up to 3 per week. Save money by buying a package. Packages must be paid for up front and all sessions must be used within 90 days of purchase. The package can be used on one or multiple horses within the same barn. Sessions are approximately 60-minutes long but may be longer or shorter depending on the animal. **For lameness or injuries, the owner must obtain approval for PEMF therapy from their Vet before an appointment can be set.** Lameness and injuries will require multiple visits, the first visit will be a whole-body session, and the following sessions will be for the target area and count as a ½ session if working inside of a package. For example: a laceration could take a 60-minute full body session and four 30-minutes targeted sessions, resulting in three full sessions. The best package would be a 3-session package. Large animals would be hogs/pigs, cows, bulls, alpacas, sheep, etc.
